REPORT AND RECOMMENDATION TO THE KING COUNTY COUNCIL.

SUBJECT: Department of Natural Resources,
Natural Resources Division File No. **E95CT031**
Proposed Ordinance No. **96-309**

Open Space Taxation (Public Benefit Rating System)
Application of **LINDA HENNING & NANCY FIELD**

Location: 817 - 52nd Street SE, Auburn

SUMMARY OF RECOMMENDATIONS:

Department's Preliminary:	Approve, subject to conditions
Department's Final:	Approve, subject to conditions (modified)
Examiner:	Approve, subject to conditions (modified)

PRELIMINARY REPORT:

The Department of Natural Resources, Natural Resources Division Preliminary Report on Item No. E95CT031 was received by the Examiner on April 11, 1996.

PUBLIC HEARING:

After reviewing the Department of Natural Resources, Natural Resources Division Report and examining available information on file with the application, the Examiner conducted a public hearing on the subject as follows:

The hearing on Item No. E95CT031 was opened by the Examiner at 1:47 p.m., April 25, 1996, in Hearing Room No. 2, Department of Development and Environmental Services, 3600 - 136th Place S.E., Suite A, Bellevue, Washington, and adjourned at 2:00 p.m. The hearing was administratively continued until receipt of the notarized affidavit of publication of public notice, whereupon the hearing record closed on May 10, 1996. Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the office of the King County Hearing Examiner.

FINDINGS, CONCLUSIONS & RECOMMENDATION: Having reviewed the record in this matter, the Examiner now makes and enters the following:

FINDINGS:

1. General Information:

Owner: Linda Henning & Nancy Field
817 - 52nd Street SE
Auburn, WA 98092

Location: 209xx Woodinville-Duvall Road,
Woodinville

Zoning: RA5

Acreage:

Property Total:	3.09 acres
Subject to Application:	3.09 acres
Recommended:	3.09 acres

STR: SE-NE-08-26-06

Subject of Request:

Priority Resources: Surface water quality buffer;
significant plant, wildlife or
salmonid habitat area;
historic landmark/archae-
ological site; designated
site; public lands and right-
of-way buffers; special animal
sites

Bonus Categories: Bonus surface water quality
buffer; conservation easement

2. Douglas Weber attended the public hearing on behalf of the applicants. He indicated that they understand and accept the recommended conditions of approval.
3. In addition to the requested priority resource recognition indicated in Finding No. 1, above, the Natural Resources Division also recommends that the applicant receive credit for "limited public access (due to resource sensitivity)".
4. In its Preliminary Report to the Examiner (Exhibit No. 4), the Natural Resources Division recommended granting 26 points, resulting in 20% of market value. However, by adding recognition for limited public access, the recommended point award increases to 31 points in the Division's final recommendation at the close of hearing. Later, upon granting a conservation easement, the market value reduction will be increased to 90%, resulting in a current use value of 10% of market value.
5. Except as modified herein, the facts set forth in the King County Department of Natural Resources, Natural Resources Division Preliminary Report to the King County Hearing Examiner for the April 25, 1996 public hearing are found to be correct and are incorporated herein by this reference. Copies of the said Report will be attached to the copies of this Report submitted to the King County Council.

CONCLUSIONS:

1. Approval of current use valuation for 3.09 acres of the subject property, pursuant to the Public Benefit Rating System adopted by King County Ordinance No. 10511, would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.
2. Timely application has been made to King County for the current use valuation of the subject property to begin in 1997. Notice of said application was given in the manner required by law.
3. The subject property contains priority open space resources and is entitled to bonus points pursuant to the King County Public Benefit Rating System, which justify a total award of 31 points. The resulting current use value is 10% of market value for 3.09 acres of the subject property.

RECOMMENDATION:

APPROVE the request of LINDA HENNING & NANCY FIELD for current use valuation of 10% of market value for 3.09 acres of the subject property, subject to the following conditions:

1. The applicant shall provide to the King County Assessor a legal description, or adequate information to enable the Assessor to develop a legal description, of the improved portion of the property which shall remain assessed at 100% of market value, and the portion of the subject property (3.09 acres) which shall be assessed at its current use valuation.
2. Current use valuation shall be subject to all terms and conditions of RCW 84.34 and King County Code Chapter 20.36, as the same may be amended from time to time, and all regulations and rules duly adopted to implement State law and County ordinances pertaining to current use valuation.
3. Within thirty (30) days of the date of approval of this application by the King County Council, the applicant shall sign an agreement which accepts the conditions of approval set forth herein and meets the requirements of WAC 458-30-240. The following conditions shall be specifically set forth in the agreement:
 - (1) Failure of the owner to comply with these conditions shall be basis for removal, by King County, of the current use designation, in which case the land shall be subject to the penalty, tax, and interest provisions of RCW 84.34 and assessed at true and fair value. The County Assessor and the Natural Resources Division may reevaluate the property to determine whether removal of the open space designation is appropriate. Removal shall follow the process in RCW 84.34.108.
 - (2) Revisions to this agreement may only occur upon mutual written approval of the owner and granting authority.
 - (3) The open space classification for this land will continue as long as it is primarily devoted to and used for the purpose of protecting open space.

Classification will be removed if dedication to this purpose ceases to exist. A change in circumstances which diminishes the extent of public benefit from that generally outlined in the Natural Resources Division Preliminary Report to the King County Hearing Examiner will be cause for removal of the current use assessment classification. It is the owner's responsibility to notify the Assessor of a change in circumstance.

- (4) When a portion of the open space land is withdrawn or removed from the program, the Natural Resources Division and the Assessor shall reevaluate the remaining land to determine its continued qualification under the program. If the remaining portion meets the criteria for priority resources, it may continue under current use taxation.
- (5) Except as otherwise stated in this agreement, there shall be no alteration of the open space land or resources. **Any alteration may constitute a change of use and subject the property to the additional tax, interest, and penalty provisions of RCW 84.34.080.** "Alteration" means any human-induced action that adversely impacts the existing condition of the open space land or resources including but not limited to the following:
 - a. erecting structures;
 - b. grading;
 - c. filling;
 - d. dredging;
 - e. channelizing;
 - f. modifying land or hydrology for surface water management purposes;
 - g. cutting, pruning, limbing or topping, clearing, planting, introducing, relocating or removing vegetation, however, selective cutting may be permitted for firewood;
 - h. applying herbicides or pesticides or any hazardous or toxic substance;
 - i. discharging pollutants except stormwater;
 - j. paving, construction, application of gravel;
 - k. storing of equipment, household supplies, play equipment, or compost;
 - l. engaging in any other activity that adversely impacts the existing vegetation, hydrology, wildlife, wildlife habitat, or other open space resource.
 - m. (Walking, horseback riding, passive recreation or actions taken in conjunction with a resource restoration plan, or other similar activities are permitted.)
- (6) Subject to the conditions and restrictions set forth in Section 5, the following uses, activities and

alterations are permitted, following receipt of written approval as set forth below:

- a. In areas which have become infested by noxious weeds, the owner shall submit a control and enhancement plan to the King County Natural Resources Division and local jurisdiction for approval prior to removing the weeds.
 - b. In areas invaded by non-native invasive species, replacement with native species or other appropriate vegetation may be allowed subject to approval of an enhancement plan by the King County Natural Resources Division.
 - c. Trees posing a hazard to structures or major roads may be removed. Any trees removed must be replaced.
- (7) There shall be no motorized vehicle driving or parking allowed on the open space land with the exception of along driveways.
- (8) Grazing of livestock shall be prohibited on the open space land.
- (9) Limited public access due to resource sensitivity will be permitted upon a designated area of the open space land.
- (10) Changes of use, building and site alterations, or changes to vegetation on historic resource properties must be compatible with historic features and are subject to prior approval by the County's Historic Preservation Officer. Such approved changes and activities shall not be deemed to violate sections contained in the recommended conditions, and may include construction and vegetation management necessary for preservation, restoration or approved adaptive reuse of historic buildings, structures, landscapes or sites. Significant historic features identified in the landmark designation report for historic properties shall be maintained in a condition equivalent to or better than that existing at the time of designation.
- (11) Revisions to these conditions may only occur upon mutual written approval of the owner and Granting Authority. These conditions shall apply so long as the property retains its open space designation or until a conservation easement is granted to King County or an approved grantee by the applicant or his successors or assigns.

Upon recording of an approved conservation easement, conditions contained in this recommendation shall be automatically superseded and replaced by conditions contained within the approved easement.

RECOMMENDED this 20th day of May, 1996.

R.S. Titus, Deputy
King County Hearing Examiner

TRANSMITTED this 20th day of May, 1996, to the following parties

and interested persons:

NOTICE OF RIGHT TO APPEAL
AND ADDITIONAL ACTION REQUIRED

In order to appeal the recommendation of the Examiner, written notice of appeal must be filed with the Clerk of the King County Council with a fee of \$125.00 (check payable to King County Office of Finance) on or before June 3, 1996. If a notice of appeal is filed, the original and 6 copies of a written appeal statement specifying the basis for the appeal and argument in support of the appeal must be filed with the Clerk of the King County Council on or before June 10, 1996. Appeal statements may refer only to facts contained in the hearing record; new facts may not be presented on appeal.

Filing requires actual delivery to the Office of the Clerk of the Council, Room 403, King County Courthouse, prior to the close of business (4:30 p.m.) on the date due. Prior mailing is not sufficient if actual receipt by the Clerk does not occur within the applicable time period. The Examiner does not have authority to extend the time period unless the Office of the Clerk is not open on the specified closing date, in which event delivery prior to the close of business on the next business day is sufficient to meet the filing requirement.

If a written notice of appeal and filing fee are not filed within 14 days calendar days of the date of this report, or if a written appeal statement and argument are not filed within 21 calendar days of the date of this report, the Clerk of the Council shall place a proposed ordinance which implements the Examiner's recommended action on the agenda of the next available Council meeting. At that meeting, the Council may adopt the Examiner's recommendation, may defer action, may refer the matter to a Council committee, or may remand to the Examiner for further hearing or further consideration.

Action of the Council Final. The action of the Council approving or adopting a recommendation of the Examiner shall be final and conclusive unless within twenty (20) days from the date of the action an aggrieved party or person applies for a writ of certiorari from the Superior Court in and for the County of King, State of Washington, for the purpose of review of the action taken.
